

AMEA Solar Research Project

FACT SHEET

System Size:	51.2 kW DC at STC 40kW AC
Project Developer:	Inman Solar, Inc. Atlanta, GA
Panel Manufacturer:	Canadian Solar
Panel Quantity:	160
Panel Wattage:	320W
Inverter Manufacturer:	SMA Solar Technology
Racking Manufacturer:	Schletter
Orientation:	30° Fixed Tilt Array South Facing Array - Azimuth of 180° West Facing Array - Azimuth of 270°
Solar Field Area:	96 Ft. - 1 In. x 128 Ft.-9 In.
Energy Usage:	The energy produced by the solar project is consumed by the electrical load in AMEA's adjacent office building (80 TechnaCenter Dr.)
